

# WAKE FOREST SOCCER

SUCCESS STARTS ON THE PRACTICE FIELD

Wake Forest is home to a nationally recognized, ultra-competitive soccer program with a rich history of success. While men's soccer boasts a National Championship and four College Cup appearances, both the men's and women's programs make regular appearances in the NCAA tournament while competing in the ACC, the best league in the country.

The continued success of Wake Forest soccer will start on the practice field, but the practice facility at W. Dennie Spry Stadium is in need of improvements and renovations. To ensure that our student-athletes remain competitive and at the top of their game, resources must be committed to provide them with first-class training facilities.

## IMMEDIATE PRIORITIES

- Replacement of unsafe irrigation heads throughout field
- Update irrigation control system
- Improve drainage and soil conditions
- Construction of a retaining wall
- Possible construction of synthetic practice field

## POTENTIAL FUTURE PROJECT

Construction of new end-zone building

- Locker rooms
- Team meeting space
- Video room
- Alumni hospitality area
